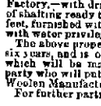
REAL ESTATE.

VALUABLE TIMBER LAND FOR SALE.



The undersigned would like to sell the following described parcels or tracts of land, and hereby gives this notice that parties wishing to buy may avail themselves of the favorable month of March in which to make explorations, viz:—

PISCATAQUIS COUNTY.

One undivided fourth part of two College Townships. Public lots in the same, 2300 acres.
Gore in Township above and adjoining, 343 acres.

Half of East half Township	No. 8, R. 12
East half Township	No. 4, R. 12
Half of S. W. Qr., undivided,	No. 5, R. 10
Half of N. W. Qr.,	No. 5, R. 10
¼ of Township "	No. 6, R. 10
¼ of Township "	No. 7, R. 10
Whole Township	No. 6, R. 11
N. W. Qr. Township "	No. 7, R.
Township "	No. 3, R. 1
Township "	No. 3, R. 12
Township "	No. 3, R. 13

PENOBSCOT COUNTY.

North half Township undivided,	No. 1, R. 6
4500 acres in Row 2 of Winn.	
10,600 acres in	No. 3, R. 6
6514 acres in Town of Edinburg.	
500 acres in Town of Patten.	
5760 acres in S. E. Qr. Township	No 3, R. 7
6318 acres in Kennebec County.	

All the foregoing described lands are well worth the attention of purchasers. They are worth twice as much in the hands of twenty persons, as they are to the subscriber, upon the same principle that one thousand acres of land can with much more profit be cultivated by ten than by one man. The undersigned wishes to avoid the trouble incident to operating or permitting said lands.

By calling on Hon. JOHN A. PETERS prices will be given at which these lands will be sold.

RUFUS DWINEL.
Bangor, March 15, 1867.

SALE OF TIMBER LANDS,

FOR BATES COLLEGE,
LAND OFFICE, BANGOR, March 7th, 1867.

NOTICE IS HEREBY GIVEN, in pursuance of "Resolve to carry into effect chapter two hundred eighty-four of the resolves of eighteen hundred sixty-four in favor of Bates College," approved February 24th, 1867, that Township numbered 3, Range 17, and 10 Range 17, W. E. L. S. situated upon the Upper Saint John River, excepting the South East quarter of the last named township, will be offered for sale by public auction for the benefit of said College, at the Land Office in Bangor, on Wednesday the 11th day of September next, at 12 o'clock noon.

One third cash, and satisfactory notes payable in one and two years, secured by mortgage on the premises, will be received in payment.

ISAAC R. CLARK,
mch 9 ts Land Agent.

FACTORY PROPERTY FOR SALE OR RENT.

A most substantial new building 114 by 41 feet, situated in Sangerville Village, finished in the best manner throughout for a Woolen Factory,—with driving wheel in, and one main line of shafting ready to be put up. Dye House, 36 by 28 feet, furnished with a large tubular boiler, together with water privilege, dams and flume complete.

The above property is exempt from taxation for six years, and is offered for sale or rent on terms which will be made entirely satisfactory to any party who will put in machinery and carry on the Woolen Manufacturing business.

For further particulars apply to
COL. WILLIAM OAKES,
October 29th, 1866. - dtf Sangerville Me.

NOTICES.

Sale of Public Lands.

LAND OFFICE,
BANGOR, June 1, 1867.

SEALED Proposals will be received at the Land Office in Bangor, on the first day of September next, at 12 o'clock noon, for the purchase of the following townships or tracts of land belonging to the Permanent School Fund of the State.

Proposals will name a sum not less than the minimum price fixed in the schedule; terms of payment will be one-third cash, and notes payable in equal instalments, in one, two, and three years from date of purchase, with annual interest.

Township No. 7, R. 9, W. W. P., Piscataquis county 35 cents per acre.
Township No. 4, R. 7, N. B. K. P., Somerset county, 30 cents per acre.
Township No. 3, R. 4, N. B. K. P., Somerset county, 30 cents per acre.
Township No. 9, R. 17, W. E. L. S., Somerset county, 30 cents per acre.
Township No. 12, R. 10, W. E. L. S., Aroostook county, 20 cents per acre.
Township No. 13, R. 10, W. E. L. S., Aroostook county, 20 cents per acre.

Existing permits for cutting lumber upon either township to be respected by the purchaser according to terms named therein.

ISAAC R. CLARK,
june 24 Land Agent.

Sale of Timber and Lumber

IN AID OF
WESTBROOK SEMINARY.

SEALED PROPOSALS will be received at the Land Office in Bangor, for the timber and timber upon the East half of Township numbered nine, in the third range of Townships West from the East line of the State, in the County of Aroostook, for the term of ten years from and after the twentieth day of August next.

Proposals will state the sum to be paid in one-eighth sections, either continuous or alternate, beginning at the North East corner of the township, taking sections in course Westerly or Southerly across said township, or may state the sum to be paid for the entire half township in sections according to the terms of the Resolve entitled "Resolve in favor of Westbrook Seminary," approved February 25, 1867.

Terms cash, or approved notes payable in one, two and three years, with annual interest.

ISAAC R. CLARK,
Land Agent.
Land Office, Bangor, June 7th, 1867. jn20

THE SUBSCRIBERS

HAVE entered into a Co-Partnership under the name of ISAAC DUNNING & SON, for the purpose of carrying on the
Shipwright and Caulking Business
in all its branches. They may be found at the same old ship yard in Brewer which has been so long occupied by the senior member of the firm.
Vessels repaired in a workmanlike manner and with despatch, at prices which will be reasonable. A fair share of business is solicited.
ISAAC DUNNING,
may 22 AMOS W. DUNNING,

Notice to Owners of Dogs.

NOTICE IS HEREBY GIVEN TO OWNERS of Dogs in the City of Bangor, that Licenses for Dogs to run at large in said city, must be obtained at the office of the undersigned without delay, as all such licenses are required to be taken out on the first day of May annually, under the penalty of fine.

All dogs going at large within the city not being so licensed, are liable to be killed.

H. B. FARNHAM,
Bangor, May 1st, 1867. City Marshal.

All kinds of Watches repaired and warranted.
may 13 WALTER F. WEEKS.

ROBBINS'
Vegetable Panacea.

IF there is a Panacea in the world it is this preparation. It is safe and simple, particularly useful as a convenient family medicine, in sudden Colds, Febrile Attacks, Rheumatism, Sore Throat, Coughs, Cramp and Rheumatism, Sprains, Pains in the side, stomach, bowels, or other parts of the body, Headache, Toothache, Cold hands and feet, Diarrhœa, Dysentery, Cholera, Fever and Ague, Chilblains, &c. It rarely fails to bring out the eruptions in measles and canker rash: and these diseases are often cured with this Panacea alone. And for that most terrible of all diseases, DIPHTHERIA, this preparation has not its equal in the world.

This medicine is of recent date, but has been extended by need for the cure of this various diseases for which it is recommended, and it has proved, over a wide country, its immense superiority over every Remedy known. It is the best Pain Expeller in use; is highly recommended for the instantaneous relief of all pains and aches the flesh is subject to.

All persons who are subject to SORE THROAT, which, neglected, is very apt to result in that dreadful disease, DIPHTHERIA, should have this simple remedy continually by them, particularly those living away from medical aid.

Directions with each Bottle. Price 25 Cents. Sold by dealers in medicines everywhere. ☞ Ask for "ROBBINS' PANACEA," and take no other.

SIXTY YEARS

For over Sixty Years, DR. S. O. RICHARDSON'S SHERRY-WINE BITTERS have been used by the public to correct morbid and inactive functions of the human system. It promotes healthy gastric secretions, corrects Liver derangement, relieves COSTIVENESS and Rheumatic affections, cures Jaundice, Loss of Appetite, Kidney Complaints, Weak Back, Dizziness, Languor, Dyspepsia, and its attendant symptoms. Its valuable tonic and strengthening properties will invigorate the convalescent, cleanse the Blood from Humors, and will afford comfort and relief to the aged by stimulating the constitution to resist its impending infirmities. Thousands of the venerable population of New England are sustained in health, their life prolonged, to enjoy vigorous and happy old age, by the use of Dr Richardson's SHERRY-WINE BITTERS.

The HERBS can be obtained separately, and may be prepared in small quantities, in water, or with wine or spirit. Price 50 cents per package.

Office, 51 Hanover street, Boston, and sold by Apothecaries and Druggists. apr15 Stawd&w3m

Financial Record.

NATIONAL BANK FAILURES.

First National Bank of Attica, N. Y. Failed.—Merchants' Nat'l Bank, Washington, D.C. Failed. National Union Bank of Rochester, N. Y., Closing. Venango National Bank, Franklin, Pa. Failed.

COUNTERFEIT—FIRST NATIONAL BANK NOTES.

20s, a close imitation of the genuine notes, and well calculated to deceive. The back of the bill is rather coarse. The plate liable to be altered to any of the United States Banks.

HIGHLAND NATIONAL BANK OF NEWBURG, N. Y.

10s, imitation—figure of liberty on an eagle on right end, Franklin and boy on left. The signatures are engraved in the counterfeit, and in the genuine they are written. The lightning, grasped by the hand of Liberty, is barely perceptible in the genuine, while in the counterfeit it is broadly defined on a dark, coarse back-ground, which in the genuine is light. On the back of the note the followers of DeSoto appear as if engaged in a terrible battle, and upper portion of cut up, while in the genuine that which is designed for a priest, bears the exact image of a monkey.

UNITED STATES COMPOUND INTEREST NOTES.

60s, imitation; vig. (on left end) female erect, hold no wreath in hand, her right hand resting on Bible—smile bust, 50 on die above on right end. Well done and, likely to deceive good judges.

100s, counterfeits are in circulation. A fac-simile of the genuine bill, but the engraving is not so fine. They are dated May 15th, 1865; Letter B. The green ink in the back of the counterfeit is paler than that in the genuine. Be careful and examine well all before taking them, as they have deceived some of our best judges.

UNITED STATES LEGAL TENDER NOTES.

10s, imitation—the portrait of Lincoln on the left end is very dark, and the eyes poor, while the toes of the female on the right end can scarcely be seen. On the genuine they are very distinct. Look out for them.

10s, imitations—poorly done; engraving coarse, and the bills look blurred. The green ink used is lighter than the genuine. The dies and 10s are one-eighth of an inch larger than the genuine.

100s, imitated. Upper left, spread eagle sitting on a rock. The general appearance of the bill is good. The wings of the eagle are coarse and clouded streaky. The imprint of the American Bank Note Company at the top is larger than on the genuine. On the right end of the back of the bill the 100 in the circles are inverted thus: "100." In the genuine the 100 in the circles on the left end read thus: "001." In the counterfeit they are thus: "100." The paper is also heavier.

NATIONAL BANKS.

1s, altered to 10s—vig. of 1s, two female figures with hands clasped, one pointing upwards. Has having figure of Franklin drawing electricity from the clouds; and on the back of the bill is DeSoto discovering the Mississippi. On back of 1s, is the landing of the Pilgrims. Well done.

50s, altered from 5s: the 5s have vig. on each end—and landing of Columbus on back. Look out for this alteration.

TELEGRAPHIC.

Despatches to the Evening Times.

VIRGINIA CITY, M. T., July 5.

General Thomas Francis Meagher, Secretary and Acting Governor of this Territory, fell from the deck of the steamer Thompson, at Fort Benton, on the evening of the 1st inst., and was drowned. He had been absent for the last fortnight on public business and had succeeded in procuring arms for the troops engaged in the defence of the Territory, and transacting other military business demanded by our present emergency. At last accounts his remains had not been found, the darkness of the night and the rapidity of the current preventing any attempt at rescue.

ST. LOUIS, July 7.

The Salt Lake Vidette of the 16th of June says:

On Sunday afternoon Brigham Young preached a lengthy sermon, and hotly and openly announced that Amasa Lyman, Orson Hyde and Orson Pratt had apostatized, and were cut off from the church. Orson Hyde was chosen President of the twelve apostles last April. Pratt is one of the twelve, and Lyman had been one of the apostles also. Young was severe on Hyde and particularly so on Pratt. He denounced the latter as an unbeliever and as now in possession of the devil.

The crops in Utah promise to be better than for five years

Judge Keuner, the Government Peace Commissioner, thinks he can make peace with the Crow Indians, but he says that the Cheyennes must be whipped before he can treat with them.

The steamer Octavia, from Fort Benton, arrived at St. Joseph yesterday, with furs and $85,000 in gold.

The Indians are comparatively quiet in the upper country.

The Octavia has on board the remains of Capt D. W. Spear of the British army, who was murdered in a boat near Fort Rice by a soldier.

NEW YORK, July 8.

The steamship City of London brings European dates to the 27th ult

The Earl of Belmore is to become Governor of New South Wales.

Startling developements continue to be made under the auspices of the Shetland Trades Union. Murder, arson and other diabolical crimes were freely confessed by men in the employ of the Union against those who had given offence.

In the House of Lords an important debate on the Irish Church had taken place. Earl Russell favored a proposition by Earl Grey of dividing the revenues of the established church in Ireland between the Roman Catholic clergy and Protestant clergy, in order to found a permanent peace in Ireland.

The North German Constitution has been signed by the King of Prussia and promulgated. It was to go into operation on the 1st July.

The Diet was closed on the 24th with a congratulatory message from the King, who gives assurance of an enduring peace.

WASHINGTON, July 8.

The new reconstruction bill proposed by Representative Stevens and published this morning, is not the bill which will be reported in the House.

The Committee on Reconstruction on Saturday, merely informally agreed to it in order that it might be printed this morning

The Committee have made various modifications and re-wrote various parts of it—The bill will probably be reported to-day.—It is now in the hands of the printer.

Original and Selected.

—The Manhattan (Kansas) Independent mentions the case of a farmer "who last year raised upon one acre which he cultivated with sweet potatoes, a crop whose value more than paid the cost of raising, the original cost of his farm of one hundred and sixty acres, and the interest at seven per cent. of the present value of his whole farm, stock and utensils."

—The Junction (Kansas) Union claims that the white limestone of that region has its peculiar advantages. A citizen inhabiting a house of this material wanted an additional door. A hole was punched through, a cross-cut saw was inserted, and a door made just as a carpenter would through a pine siding.

—In some of the towns in Western Massachusetts a thriving business is carried on in the sale of "cabbage plants." The customers are said to call at a very early hour in the morning. The most curious part of the transaction is that the customers all bring *jugs* or *bottles* to get their *cabbage plants* in!

—Coney Island claims exemption from the excise law, and drives a thriving trade on Sundays with the thirsty New Yorkers. It claims to be a part of New Jersey instead of New York, and though "the coney are a feeble folk" they manage to get the better of the excise officers at every visit.

—The foreign imports of general merchandise, at New York, last week, were about a million more than in the same time in 1866, and a million less than in the same time in 1865. The total since Jan. 1, 1867, falls short of the figures of 1866 by about twenty-five millions, but exceeds those of 1865 by fifty millions.

WM. H. WHEELER, EDITOR.

Business letters should be addressed to the Publishers, "WHEELER & LYNDE."

TUESDAY, JULY 9, 1867.

REPUBLICAN STATE NOMINATIONS.

FOR GOVERNOR,

Joshua L. Chamberlain.

Resolved, That our national indebtedness should be funded as speedily as the necessities of the Government will allow, and at the lowest practicable rate of interest, always maintaining inviolate all pledges of the national faith.

Resolved, That the law in relation to taxing U. S. bonds and stock in National Banks should be adjusted by Congress, on constitutional principles of equity, and that whatever municipal taxation is imposed on stock in National Banks should go to the advantage of the cities and towns in which said bank stock is owned.—*Republican State Convention.*

We give place to the following communication, that the firemen may have a fair chance to be heard, although we think too much has already been said upon the subject. A combination of unfavorable circumstances necessarily delayed action on the part of the city government, and it was but natural that the members of the Department should feel somewhat sensitive at the seemingly unnecessary delay.

Fire companies were originally for mutual protection, and no money was paid to the members. Of late years, a portion only of our citizens have engaged in the labors and dangers of extinguishing fires, and the city has from time to time allowed them sums of money, quite as much in acknowledgment of their superior efficiency as in payment for their services.

Men do not enter the Department simply for the amount of money they receive, but that they may protect the property of the city by checking conflagrations, and give to the public a feeling of security which cannot be felt with an inefficient department.

The city has always dealt honorably by the firemen, and in return has enjoyed the reputation of having one of the best, if not the best and most reliable department in New England.

When our firemen understand that no slight was intended, and that the city is already treating them more liberally than their brethren of other cities are treated, we have no doubt that they will be willing to resume their duties at the old compensation, and let the Department continue to retain its wide reputation for promptness and efficiency.

To the Editor of the Daily Whig:

As many of our citizens entertain erroneous ideas in regard to the recent action of the firemen in withdrawing from the department, I wish to state the following facts, to put the matter in its true light.

Some time last year, the firemen presented a petition to the City Council, asking for an increase of pay. No action was ever taken on the petition.

On the 3d of last April, another petition was presented asking that the pay be increased to $80 a year. On the 5th of June, meetings of the different companies were called to decide what course to pursue, as the petition remained unanswered. On the afternoon of that day, a member of the City Council informed the foreman of No. 1 that the petition had been referred to the Committee on Fire Department, and that this committee had not yet had a meeting. He promised the subject should receive attention at the next meeting of the Council. With this understanding the companies adjourned their meetings to the 18th ult., when (no action having been taken by the Council) they decided to withdraw from the Department on the 1st of July, should their pay be not increased. The clerk of each company was directed to notify the Council of the action taken, which duty was performed. At the request of the Mayor, the companies agreed to serve a few days after the 1st inst., as the Council held a meeting on that day. At their meeting Monday evening, it was voted to serve till the following Monday, that ample time might be given to the Council for decision. On Tuesday evening the Council decided not to increase the pay, and on Wednesday the companies withdrew from the Department.

The firemen are censured for leaving the city without a department at a time when its services would be the most likely to be needed. It was generally reported that new companies were organized to take charge of the engines. Had the firemen known that no provision had been made to protect the city from fire, they would have *volunteered* their services till after the Fourth. On being informed the next day by the Chief that no new companies were organized, they volunteered to serve that day, and on Friday evening one company reconsidered its vote whereby it withdrew, and the two others volunteered to serve two weeks longer, it being understood that the trouble would be satisfactorily arranged. Had action been taken on the petition in a reasonable time after it had been presented, the members of the department would have been satisfied, let the decision have been what it would, but they felt agrieved that so little respect was shown them, and decided to take prompt action and bring the thing to a focus. It is not true that they *demanded* $80, neither did they expect to receive that amount, but a fair compensation for the work required of them. The matter is now being investigated, and it is believed that justice will be done.

FIREMAN.

NATIONAL DIVISION S. OF T. The session of the National Division S. of T., which commenced at Wilmington, Delaware, on the 19th of June, was well attended, and its proceedings were of much interest. From this State were present John S. Kimball, of this city, Rev. E. W. Jackson, of Gorham, and L. T. Boothby, Esq., of Waterville.

On their return the Northern Delegates were taken possession of in Philadelphia by the Grand Division of Pennsylvania, where every attention was shown them. A banquet was given in their honor, and they were shown all the places of interest in that beautiful city.

The M. W. Patriarch's report says:

"The order was organized in New York, on Sept. 29, 1842, by sixteen persons, and it has since enrolled about two millions of persons in the United States and British Provinces, and now extends to Australia and to England, and to other countries in the old world.

Its fundamental principle is total abstinence, and it presents a social and fraternal combination to meet and overcome the social allurements of intemperance and the combined liquor traffic.

While it presents the pledge as useful and essential, it realizes that there must be a temperance home and a temperance gospel to effect a thorough reformation. The presence of women is indispensably assisting of the order is making itself felt by good. The order now enrolls among its members and religious element that are willing and large numbers of clergymen belonging to many bodies, including eighty with many thousands of ministers and Missions, have united themselves with the order.

The report alludes to the great struggle going on in Massachusetts and other States, and recommends determined resistance thro' the ballot box to the organized efforts of the liquor dealers to throw around their traffic the sanctity of the law."

Especial attention is being paid to reorganizing the order in the Southern States, and ere long its beneficient effects will be felt in many States of the Union.

The next annual session will be held in Nashville, Tenn., on the fourth Wednesday of May next.

We have not space to give all his excellent suggestions, and must make the few quoted above suffice.

The Story of a Fugitive Slave.

SELLA MARTIN AND HIS MASTER.

Rev. Sella Martin, of Boston, well known as an anti-slavery speaker, is travelling thro' England as an agent for the freedmen. He has recently published in Dr. Macleod's magazine, Good Words, an interesting autobiography entitled, "My Slave Life," in which he describes his experiences in slavery and his escape by way of Cairo. The following relates an incident:

"One Sunday, three colored men came up to me and invited me to go with them to the woods to gather wild grapes. I readily consented to go, as it was something of an honor to be invited by my elders to be their companion. When we got into the woods, instead of their gathering grapes, one of them took from his bosom a newspaper, and handing it to me said, 'Dare,' read dat ar, and tell us what him say 'bout de bobbolishunus.'—Had a knife been drawn on me, with a threat of taking my life, I should not have been more astounded. How he had got the idea into his head that I could read, when it was not in my own, was a great wonder, but that he should think I could read a newspaper, and that I could read about the strange 'bobbolishunus,' bewildered me still more. However, as they fell to affirming and denying what one of them had heard his master read in his paper, and at the very spot which he had marked and pointed out to me when he handed me the paper, I found time to recover and determine what to do.

This was my course: I reflected first that even though I could not read, neither could they; and next, that if I refused to pretend I could, they might suspect me of a mere unwillingness to gratify them, or accuse me of fearing to run the risk of being found out. Such an accusation would carry with it a suspicion of treachery on my part; and if they should entertain it, I trembled for my fate, alone as I was with them in the woods. Then, too, it must be remembered that slavery is no great promoter of transparency of character, or of the belief that deception was wrong. This must be my excuse for looking over the paper with the determination to read what I felt they would be pleased to hear, no matter if it was not in the paper.—I handled the paper with a trembling hand, and, looking to the column pointed out by the slave, to my great surprise I made out this heading of a leading article: 'Henry Clay an Abolitionist.'

I read on a little further, and found that the editor, in reviewing one of Henry Clay's speeches, tried to show that his tendencies were towards abolitionism. Of course I did not make out fully all the long words, nor did I get any intelligent understanding of the leader, but I made a new discovery about my being able to read at all, and that too, in a newspaper. What I read, or pretended to read gave the most intense satisfaction, and awakened the wildest hopes about freedom among my hearers, and elevated me to the judgment seat of a young Daniel among them.

That night, after returning to the city, and when the slaves got through with their household duties, I found the kitchen unusually full of the neighboring slaves; and I remember to this day the ludicrous maneuvers of many of them to get me apart from the other slaves, that I might read some book or newspaper which they had filched from their masters' libraries. This opened the way for it to be my regular task to read to them."

His master presently called him to an account:

"This clandestine and all but universal reading to the slaves could not continue long without spite or hope of reward begetting in the breast of some slave the purpose to betray me. So one night, when I came into my master's room, where I slept, he called me to him, and with a threatening warning as to my telling him a falsehood, asked me if I could read. I thought it safest to own it, and did so. After a great deal of questioning, he thus delivered himself: 'I am a northern man, though I have been here twenty-three years. I have made my money here, and, unlike the southern spendthrifts, I have kept what I have made.—Those among them who hate my country, and hate me for being a northern man, are nevertheless dependent on me for the loan of my money when they are in pecuniary difficulties. But their dislike of me is only smothered, not extinguished, and they would very readily find cause of accusation against me, because they envy me my money and hate my politics. They are a wild kind of people, and though my leaving here would be a great misfortune to many, there are others who think that to get rid of me is to get rid of their obligations to pay me what they owe me. Nothing would serve the purpose of such, better than to provoke me, as they believe me to be, an enemy to slavery. Now if you go on reading to the slaves, I shall be compelled to give you up to the City Marshal to be flogged, or sell you. Don't let me hear of your reading to the slaves again.'—I told him that it was the Bible I read generally, and certainly there could be no harm in that. 'Read nothing to the slaves,' he replied, and the conversation ended."

HOW TEA IS BEST MADE. The Chinese method is to throw some tea into a cup and pour boiling water over it; they cover the cup with a shallow saucer and let it rest for some time. After it has stood sufficiently long, they pour the clear liquid into a saucer and drink it hot. Various methods are pursued in different countries, but a knowledge of the composition and properties of tea is the best guide in preparing its infusion. It is desirable to obtain from the leaves, the largest possible amount of matter which water will extract, and retain them in the liquid. The theine of the tea is in combination with tannic acid, forming a compound which it requires boiling water to dissolve. But on the other hand, the aromatic oil of tea is volatile, so that too boiling tends to drive it off with the steam into the air. If lukewarm water is used, the most important element of tea, its theine, is not obtained, while by boiling, its fragrant aroma is wasted. The plan to be pursued, therefore, is to pour boiling water upon the tea, in close vessels, so that its active ingredients may be dissolved, and at the same time the volatile oil retained in the mixture. In cooling, a good decoction of tea becomes slightly turbid, the tannate of theine being no longer held in solution, is precipitated and rises, forming a skin upon the surface.

WHAT REMAINS IN THE GROUNDS, OR RESIDUE. If tea be steeped in water below the boiling temperature, an infusion is obtained having the peculiar tea taste, but the theine is not obtained; a second infusion of the leaves with boiling, will extract the theine and tannic acid, so that although it may be less fragrant, it will be more active. The leaves which have been used, of course vary composition, according to the completeness of the first exhaustion. By the common method of extraction, the entire quantity of theine is not dissolved, about one-third being left in the leaves. Mulder found hot water to extract from six specimens of black tea, from 28 to 38 per cantum of their weight; of the same number of kinds of green tea, from 34 to 46 per cent. Peligot procured from black tea an average of 28 per cent., and from green, 43 per cent. Yet the quantities were by no means constant, as different samples of the same color and name in the market yield very different proportions of soluble matter. Teas prepared from the young leaves furnish more soluble matter than the older leaves; while green teas give more of light-colored and black of dark-colored ingredients. The gluteo, in which tea leaves are rich, is not dissolved by boiling water; but water made slightly alkaline dissolves gluten. It has therefore been recommended that a little soda be added to the water, would have the effect of making the tea slightly more nutritious.

The defense in the Surratt trial commences with their evidence to-morrow. They claim that they shall prove the following points:

First—That the note signed by Surratt in favor of Weichmann was made before the assassination, one of whom called the time from the clock in the vestibule of the theatre, were three actors who were noting the clock to see what time they should be on the stage to join in singing a patriotic song.

Second: That the handkerchief found in St. Albani, Vt., with Surratt's name on it, was dropped by one Holtoban, a boarder at Mrs. Surratt's, who was on his way to Canada with the detectives to find John Surratt.

Third: That Surratt was in Canandaigua upon the day of the assassination.

Fourth: That an agreement to assassinate the President was not signed by Surratt, but by Booth, Payne, Atzerodt and Harold.

An actor named Matthews will testify that Booth handed him this agreement on the day of the assassination, but that through fear he burned it on the day after.

The prosecution have four more witnesses, it is stated, to present on their rebutting evidence, who will swear to seeing Surratt in Washington on the day of the assassination. —[Special to Boston Journal.

THE "LAST" SOLDIER OF THE REVOLUTION. John Grey, of Hiramsburg, Ohio, who is in his 104th year, and for whom the honor of being the last surviving soldier of the Revolution is claimed, it is said was born at Fairfax Court House, Va., Jan. 6, 1764. During the Revolution he worked on the Mt. Vernon estate for Washington, along with the slaves of the General. Mr. Grey's father fell at White Plains in 1780, and soon after the son enlisted at the early age of 16. He served till the close of the war, and was mustered out at Richmond, Va. He says he was engaged in several battles, and was present at the surrender of Cornwallis at Yorktown. He says he was "mighty tough" when a boy and outmarched big, heavy men. For seventy-eight years he has been a consistent member of the Methodist Church.—Congress last winter gave him a pension of $500 per annum. He is a zealous Republican, and hopes to live to vote once more.

SCHENCK'S MANDRAKE PILL,

A Certain Cure for Diseased Liver and the most Dangerous Maladies which are caused by a morbid condition of that organ.

To give the public a clear understanding of the mode in which SCHENCK'S Mandrake Pills produce these wonderful effects which are attested by thousands of reliable witnesses, we present a brief

DESCRIPTION OF THE HUMAN LIVER

and its functions, which will make the operation of this popular medicine perceptible to every man' understanding.

The liver is supplied with blood vessels, nerve and lymphatics. One of the obvious uses is to secrete and prepare the bile, it likewise filters the blood and separates that fluid from all impurities. How indispensably necessary to health is the proper performance of this function! If the liver is diseased, it cannot purify the blood, and if that is sent back through the lungs, brain and other parts in a morbid condition, it must cause jaundice, biliousness, obstruction of the kidneys, gravel, and many other complaints more or less painful and dangerous, but the least of them quite enough to make a man sick and uncomfortable, and unfit for the performance of any of the duties of life. This unhealthy state of the system very often ends in pulmonary consumption.

The circulation of the blood is conducted in this manner:—The heart sends the vital current down through the arteries; its passes through the fine and taking up all impurities in its progress; then the stream of blood flows backward through the veins, and passes to the liver to be purified. It is impossible to cure consumption, scrofula, or scarcely any other kind of ulceration while that important organ, the liver, is diseased. It is for that reason that "regular physicians" rarely cure consumption.—They usually begin their treatment with the use of some cough medicine, the basis of which is morphine or opium in some shape which locks up the liver instead of relating the secretions, giving a tone to the stomach, and producing a healthy flow of bile. Dr. Schenck's

Pulmonic Syrup, Seaweed Tonic, and Mandrake Pills,

will strengthen the system, purify the blood, and ripen and heal ulcers on the lungs.

A volume would be required, to give a brief account of the remarkable cures performed by Dr. Schenck's medicines, viz Pulmonic Syrup, Seaweed Tonic, and Mandrake Pills—all of which are accompanied by full directions for the use of them.

DR. SCHENCK will be professionally at his rooms every week, 32 Bond street, New York, and 35 Hanover street, Boston, from 9 A. M. until 3 P. M. He gives advice free, but for a thorough examination with the Respirometer the charge is five (5) dollars. His medicines are for sale by all druggists and dealers. Also a full supply at all times at his rooms. Price of the Pulmonic Syrup and Seaweed Tonic, each $1.50 per bottle, or $7.50 the half dozen. Mandrake Pills 25 cents per box.

GEO. C. GOODWIN & CO., 38 Hanover street Agents for Boston. For sale by all druggists.

Phlebotomy.

When Dr. Sangrado found his patients weak he gave them water gruel. When they got weaker he bled them and dosed them with calomel and jalap. Gil Blas tells us that they almost invariably died. A good many people are killed that way yet. The world in general, however, has found out that, in cases of debility and premature decay, HOSTETTER'S STOMACH BITTERS is the true life-sustaining cordial. This tonic is a powerful and perfectly harmless restorative. But it does more than an invigorate. It regulates and purifies. While it builds up the strength and infuses vitality into the blood, it brings all the secretions into harmony with the laws of health. The feebler sex find it invaluable in the various physical difficulties to which their organization renders them subject. In all hysterical and hypochondrical cases its effect is magical. The infirmities of age are alleviated by its use and where the circulation is torpid, and there is a tendency to paralysis, HOSTETTER'S BITTERS are recommended as a means of re-invigorating the system and prolonging life.

At this season of the year, particularly when midsummer's scorching heat does so much towards reducing the vital energies of the body, this inestimable tonic and stomachic produces a wonderful effect. By it the strength is increased, the appetite preserved, and firmness and elasticity given to the system.

Dr. Schenck, the Lung Doctor.

☞ The Proprietor of SCHENCK'S PULMONIC SYRUP, the inventor of SCHENCK'S RESPIROMETER, the only instrument that can to a certainty detect the slightest murmur of the respiratory organs.

This is of great importance to Dr. SCHENCK, to know the exact condition of the lungs, whether it is Tuberculous, Pulmonary, Bronchial, Pleuritic, or Dyspeptic Consumption, and whether it is both lungs or only one that are diseased.

It requires constant and long practice to become familiar with every sound or rattling of a diseased bronchial tube. Patients come to Dr. SCHENCK to get examined that have been examined by their family physician, who told them that their lungs were almost gone; when by a close examination with the Respirometer, it is often found that it is an affection of the bronchial tubes; and by getting a healthy action of the liver and tone of the stomach, the sufferer soon restored to health. Sometimes medicine that will stop a cough, is certain death to the patient. It locks up the liver, stops the circulation of the blood—hemorrhage follows, and in fact, stopping the action of the very organs that caused the cough.

Dr. Schenck will be professionally in his rooms every week, 32 Bond street, New York, and 35 Hanover street, Boston, from 9 A. M. until 3 P. M. He gives advice free, but for a thorough examination with the Respirometer, the charge is $5. His medicines are for sale by all druggists and dealers. Also, a full supply at all times at his rooms. Price of the Pulmonic Syrup and Seaweed Tonic, each $1.50 per bottle, or $7.50 the half dozen; Mandrake Pills 25 cents per box. GEO. C. GOODWIN & CO., 38 Hanover street, Agents for Boston. For sale by all druggists.

News from Washington

Provisions of the Senate Reconstruction Bill.

The Impeachment Committee cannot Report Until October.

The Report of Santa Anna's Death Discredited.

A Proclamation by Governor Brownlow.

WASHINGTON, July 8.

The following is a synopsis of the reconstruction bill reported to the Senate from the Judiciary Committee:

The first section declares the true intent and meaning of the reconstruction acts was and is that the military authority of the United States in said rebel States was and is paramount to any civil governments existing therein; makes all such civil governments subordinate to such military authority, and prohibits them from interfering in any way with the exercise of such military authority.

The second section provides that the commander of any district named in said acts shall have power, subject to the approval of the General of the armies of the United States, whenever, in the opinion of such commander, the proper administration of said act shall require it, to suspend or remove.

The third section confers up the General of the armies all powers of suspension, removal and detail granted to district commanders.

Section fourth ratifies and confirms the acts of removal and apointment already done by district commanders.

Section fifth gives the boards of registration power, and makes it their duty before allowing the registration of any person, to require upon such facts or information as they can obtain, whether such person is entitled to be registered under such act, and the oath required by said act shall not be conclusive on such question, and no person shall be registered unless such board shall decide he is entitled thereto, and authorizes such board to examine under oath any one touching the qualifications of any person claiming registration.

Section sixth enacts that the true intent and meaning of the oath prescribed in the supplementary act is, amongst other things, that no person who has been a member of the Legislature of any State, and who has held any executive or judicial office in any State, whether he has taken an oath to support the Constitution of the United States or not, and who has afterwards engaged in insurrection or rebellion against the United States, or given aid or comfort to the enemy thereof, is entitled to be registered or to vote and the words "executive or judicial offices in any State," in said office mentioned, shall be construed to include all civil offices, created by law for the administration of the general laws of the State.

Section seventh provides that the time for completing the original registration provided for in said act may, in the discretion of the commander of any district, be extended to the first day of October, and boards of registration shall have power and it shall be their duty, commencing twenty days prior to any election under said act, and upon reasonable public notice of the time and place thereof, to revise the registry for the period of three days for registration lists, and upon being satisfied that any person not entitled thereto has been registered, to strike out the name of such person from the list, and such person shall not be allowed to vote; and such board shall also, during the same period, add to such registry the name of all persons who at that time possess the qualifications required by said act who have not already been registered, and no person shall at any time be entitled to be registered or to vote by reason of any executive pardon of amnesty for any act or thing, which, without such pardon or amnesty, would disqualify him from registration or voting.

Section eighth provides that section four of the last named act shall be construed to authorize the commanding General named therein, whenever he shall deem it needful, to remove any member of the board of registration, and to appoint another person in his stead, and to fill any vacancy in such body.

NEW YORK, July 8.

A special Washington despatch says:

It is understood that the government will demand satisfaction of Mexico for the arrest of Santa Anna, as the officers of the Virginia make oath that she was anchored three and a half miles outside the marine league, from Sisal. It is not believed that Santa Anna has been shot, as he was at Campeachy the day before he is said to have been shot at Sigal.

NEW YORK, July 8.

The Post's special Washington dispatch says:

The Chairman of the Judiciary Committee has been instructed to state that the committee will not be ready to report on impeachment before the 10th of October next This will bring on a discussion relative to the fall session of Congress.

AUGUSTA, Me., July 8

Two stores were broken into last night in Sidney, four miles from this city. The burglars were traced ten miles to within four miles of West Waterville, where all trace was lost. It is supposed that they are the state Prison convicts that broke jail here Sunday morning. Every effort is being made to retake them.

NASHVILLE, Tenn., July 8

Gov. Brownlow's expected proclamation appeared this morning. It commands the commissioner of registration to appoint clerks and judges of election It commands the sheriffs to open and hold the election on the first Thursday of August, and to make returns as vouched for by said clerks and judges.

It also instructs clerks and judges to make out separate poll books, with a record of the votes, and send them to the executive and state departments, as provisions against the neglect of duties on the part of sheriffs.

He concluded by ordering the commander of the State Guard to arrest Judge Garett, chairman of the conservative executive committee, or any of said committee or its agents, if they shall persist in their efforts to defeat the execution of the franchise law as construed by him; and also to break up and disperse all assemblages having in view the holding of illegal elections, or the defeat of any regular election.

Judge Garitt and the central conservative committee had, previous to the appearance of this proclamation, withdrawn their recommendation to county courts to appeal to judges and clerks of election, and advised all to conform to the Governor's construction of the franchise law, though believing it wrong.

No collision is likely to grow out of the subject.

There have been further deaths among the wounded at Franklin. The conservatives from that place declare the shooting was commenced by the Loyal Leaguers, and that other facts showing the origin of the affair will be proved.

Gen. Carter has gone there, and will have the affair fully investigated.

NEW YORK, July 8—6 P. M.

The Express' financial article says:

Money continues easy at 5@6 per cent. on call loans.

The railway market opened firm and at an advance but subsequently declined.

Government securities strenger with a good investment demand.

The Bank Statement shows an increase of $3,813,238 in loans, $4,004,175 in specie, $126,387 in circulation, $6,817,000 in deposits, and $5,061,717 in legal tenders.

CLEVELAND, O., July 8.

S. Wagner's pawn broker's office was robbed last night of $10,000 in money and jewelry.

Fortieth Congress.

SPECIAL SESSION.

WASHINGTON, July 8.

SENATE.

Mr Trumbull reported from the Judiciary Committee the Reconstruction bill, which, after some objections from Mr. Sumner, was read a second time and then ordered to be printed.

A resolution was adopted calling on the Secretary of War and Interior for information as to the origin and extent of the Indian difficulties; also a resolution calling up correspondence with Lewis D. Campbell, while Minister to Mexico, and with his successor since his appointment; also calling upon the Secretary of State for information concerning the recent events which have transpired in Mexico.

In reply to an inquiry, Mr. Sumner said he expected this call would obtain an authentic account of the capture, trial and execution of Maximilian and Santa Anna.

Mr. Trumbull, from the Judiciary Committee, reported a bill to give effect to the reconstruction acts, which was read and ordered to be printed.

Mr. Chandler offered a preamble and resolution, reciting the decree of Maximilian, issued Oct. 3, 1865, under which a large number of Mexicans had been murdered in cold blood, after having surrendered as prisoners of war, etc, and directing the Committee on Foreign Affairs to examine into and report upon the facts herein stated at the earliest practicable moment.

Adj.

HOUSE

Bills Reported and Referred—

By Mr. Judd—To enforce obedience to the reconstruction act—To the Reconstruction Committee.

Other bills and resolutions were presented and appropriately referred. Among them are

By Mr. Kelly—Providing that when the organic law of a State is changed by action of the people, and any portion of the citizens prohibited from voting for or against adoption on account of race or color, previous condition of servitude, such constitution shall not become an organic law until ratified by Congress. To the Judiciary Committee.

On motion of Mr. Schenck, the President was called upon for a full report of the proceedings of the Cabinet meeting on the Reconstruction act.

Mr. Logan offered a resolution instructing the Committee on Election to inquire into the acts of disloyalty alleged against the Kentucky members, with power to send for persons and papers and to sit during the recess Adopted.

LOCAL AND MAINE ITEMS.

TEMPERANCE ALLIANCE meets at City Hall this evening at 8 o'clock.

—We learn that the New Brunswick portion of the E. & N. A. Railway is being rapidly advanced. It is expected that a thousand workmen will be on the line next week.

—The Ecclesiastical Council; called to advise with regard to the resignation of Rev. Mr. Rowland, will meet this afternoon at the vestry of the First Parish, at 3 o'clock.

—The Unitarian Society will make an excursion to Fort Point in the Barge Fairy of the Wave, to-morrow (Wednesday) leaving Sanford's wharf at 8½ o'clock A. M.

CO-OPERATIVE STORES. We have received from Messrs. Leypoldt & Holt of New York, a pamphlet giving the origin and useful suggestions in relation to the proper management of co-operative stores. Bugbee & Co. have it for sale. Price 50 cent.

THE LOST BOY. We learn that the lost boy, Charles H. Welch, who was missed in this city July 4th, has been found in Carmel. It is stated, but we can hardly credit the story, that he was carried off by a farmer and compelled to ride a horse to mow. To get away, he was obliged to leave the house in the night, when he soon found friends. We doubt the correctness of the rumor, but if true the brute should be horse whipped.

STATE TEACHER'S ASSOCIATION. At Farmington, on June 4, a meeting of teachers and school officers was held, to provide for the establishment of a State Teachers' Association.

A committee to prepare a call was appointed, consisting of A. P. Stone of Portland, J. S Barrell of Lewiston, Edw. Ballard, D. D, of Brunswick, R. Woodbury of Sweden, J. H. Hanson, of Waterville, Geo. T. Fletcher of Augusta, and our excellent friend and enthusiastic and ever interested *school man*, J. E. Littlefield, Esq., of this city.

—The following vote was passed at the late session of the General Conference of Congregational Churches in Maine:

BANGOR, July 3d, 1867.

At a meeting of the General Conference of the Congregational Churches of Maine, held in Lewiston, June 27, 1867, it was voted that the thanks of this Conference be rendered to the Grand Trunk Railway, for free return tickets to members coming by that route.

Attest: E. F. DUREN,
Recording Secretary.

INTERNATIONAL LINE TO ST. JOHN. The International Line are running three steamers between Portland and St. John, leaving Portland every Monday, Wednesday and Friday at five o'clock P. M., touching at Eastport, and on the return trip leaving St. John same days at 8 o'clock A. M. This line is composed of first class steamers, is well officered, promptly meets the wants of the public, and we are happy to know is well patronized and prosperous.

GLOBE EDITION OF DICKENS. From Messrs. Hurd & Houghton, of New York, we have received Barnaby Rudge, another of their Globe edition of Dickens. It is useless to comment upon the works of Dickens as they are familiar to all, but we can safely say that the present edition of the ... will be found ... and when completed will furnish the reader ... that ... form style, suitable for ...

—We understand Rev. Dr. Stockbridge of the Free Street Baptist Church has resigned his pastorate, and will succeed Professor Lincoln of Brown University in charge of a Young Ladies' Institute in Providence.—Portland Press.

—We understand that Rev. Dr. Cheever has resigned his pastorate of the Church of the Pilgrims, New York, and will be an ornament to any library. For sale by Bugbee & Co.

FLORAL CONCERT. Miss Nellie Fletcher's Floral Concert will take place at Norombega Hall this evening, and will no doubt be exceedingly attractive. In addition to her class of one hundred and fifty pupils, who will appear decked in wreaths and flowers, she has secured a large amount of native talent, which cannot fail to please the audience.

We understand that Mr. E. L. Appleton, whose name has not been announced, will assist her upon the occasion. Among the amateurs of this city who have kindly consented to favor the audience, we notice the names of Miss Grace Ross, Miss Helen Jackman, Miss Ida Clark, Mr. Roberts, Mrs. F. S. Davenport, Mr. Harlow and Mr. Berry. Such an array of home talent, united with the interesting performances of the children, cannot fail to draw a crowded house.

MAINE NORMAL. The eighth number of this periodical is before us. It is a good number. The papers in it are generally valuable, and of importance to teachers, and all who have an interest in schools.

This publication should be sustained. It is intended, we presume, to be the organ of the State Normal School. If so, we do not doubt that it may be the means of creating an educational sympathy throughout the State, that will be attended with exceedingly beneficial results.

All teachers should have it. It is a monthly at $1,50, and is edited by Mr. Gage, the Principal of the State Normal School at Farmington.

THE FIRE EXTINGUISHER AGAIN. As announced, a few minutes past four this afternoon, a second trial of the Patent Fire Extinguisher, was had in the presence of a large number of spectators. The test was very nearly the same as on the previous trial, excepting that there was less wind prevailing. The tar barrels were first set on fire, and when completely ablaze, extinguished with all ease. This experiment was repeated. Then the tar barrels being placed in a building constructed for the occasion of dry, rough boards, and partly filled with dry wood and shavings, *that* was also set on fire. In a brief space of time it was all ablaze, and when the fire had reached a degree of fury that would seem to defy all efforts for its extinguishment, the machines were set in operation. Within three minutes' time the fire was completely put out—It was simply wonderful. The trial was a perfect success From the ease with which this fire was put out, we make no doubt that if the machines had been properly prepared on the former trial a like result would have been attained. More we have not space to say to-day.—[Times.

—The Bath Times says: "James L. Hunt, late Colonel of the 32d Me. Vols., has passed the necessary examinations and been confirmed as Captain in the regular army. He left Friday to report for duty at Fort Columbus, in New York Harbor.

A GREAT MISTAKE. The papers will have it, that the Dominion of Canada has 38,000,000 souls! more than the population of the United States Strike off a cypher and you hit nearer the mark.

The Board of Trade of Ogdensburg, Lt. Gov. Woodford, of New York, and other distinguished persons, contemplate a visit to Portland.

—Mellen Clark, Esq., of Winthrop, has just sold a Jersey cow to John R. Hill, Esq., of Boston, for $175.

—A correspondent of the Times, writing from Brunswick, says:

The examination of the Senior Class of Bowdoin took place Tuesday, the 2d inst. It is but fair to say that general satisfaction was expressed by the "Examining Committee" at the appearance of the class. Out of thirty-one who were present at the first term, twenty-four will take their "degree." The following list of those who received "Orations" will no doubt be of interest. Salutatory, in Latin, S Newman, "Orations," Cutts, Dixon, Hutchinson, Sewall, Webster.

I am happy to say, that the class have shown their good sense in coming together, and making an amicable adjustment of the difficulty which has so long existed. The following is a list of the Class officers:

Marshal—Wm. P. Mudgett.
Presidents—Benj. B Eaton.
Orator—Geo. T. Sewall.
Poet—Stephen M. Newman.
Chronicler—Winfield S. Hutchinson.
Prophet—Stanley A. Plummer.
Odist—Rollo M. Cole.
Chaplain—Stephen C. Herr.
Address at Tree—Usher W. Cutts.
Committee on Music—Oren Cobb, James W. McDonald, Joshua W. Smith.
Committee of Arrangements—Henry S. Webster, Isaac S. Curtis, John N. McClintock.

THE MAPLE SUGAR BUSINESS. The Paton Voice is a smart little paper, and does credit as a local sheet to the people of that enterprising farming town. In speaking of the profit of the maple sugar business, which it desires to make more extensive, (the outlay being entirely for labor, no seed or stock being required, and the wood for boiling being on the the spot and worth little for anything else,) the Voice says:

Jesse Craig of Island Falls has made this season 57 gallons of maple syrup, spending only three weeks of time in the operation.

Rodney Barker, of Island Falls, has made 120 gallons of maple syrup, and 125 lbs. of maple sugar this season which cost him about two months' work.

Wm Davis and brother of Mount Chase have made 400 lbs. of maple sugar and a barrel of syrup this season.

There is wealth and luxury in our maple forests. Why don't the people more generally catch it as it runs?

ACCIDENT. A passenger in the train from Boston Monday evening, in attempting to jump from the cars, at the Cape Elizabeth end of the bridge, while the cars were in motion, stumbled, or his clothing got caught, and he fell, striking the earth with great violence on his head and shoulders. His injuries were so great that three Portland surgeons were summoned to his relief. We have not yet heard how he was yesterday. [Press.

ROBBERY ON THE STEAMER. While the boat was coming from Boston to this city on Tuesday night, some daring burglar broke into a state room occupied by Dr. Clark of this city and carried off his professional pocket case They also broke into another occupied by a lady and stole her wallet containing about forty-five dollars. No clue to these daring burglars has been discovered. Portland Argus.

SAD ACCIDENT. We are informed that Mr. Wesley Thompson was killed at the Grand Falls on Monday, 24th ult. From the position in which he was found it is supposed that while walking towards his mill on Little River, the bank gave way beneath him, and a large rock, following him on his descent, fell upon his head, depriving him instantly of life.—[Sunrise.

—In our notice of the death of Mr. Moor, last week, we omitted to state the fact, that he was kicked by a horse belonging to Joseph Clark, Esq., of Carmichael, in whose employ Mr. Moor was at the time of his death.—[Clarion.

—A neighbor of ours says he bet a turkey an sixteen eggs, that hatched seventeen turkies and one chicken! A duet.

Dr. Schenck on Dyspepsia.

SYMPTOMS, CAUSES AND REMEDY.

Symptoms of Dyspepsia—A sense of fullness, dizziness, and weight in the stomach, together with flatulence, sourness, sour, offensive belchings of wind, water-brash and vomiting, and a great deal of what a person calls an all-gone feeling at the pit of the stomach; frequently there is also a palpitation of the heart, which plays many tricks for heart disease, and when the stomach is in this condition it is coated with a mucus or slime. The rough fibrous portions of the stomach, similar to what we see in strips, is what throws out the gastric juice, and when the stomach gets a thick coat of slime on it, it prevents the gastric juice from flowing, and digestion ceases. Schenck's seaweed tonic dissolves this mucus or slime, and restores the stomach to its natural condition.

Schenck's Mandrake Pills are also required to carry off this morbid matter Two-thirds of the cases of Consumption are caused from this diseased state of the stomach; the liver becoming torpid, it ceases to throw out bile, and in a short time the whole system is deranged. The mucous membranes of the bronchial tubes sympathizes with the other organs, and before the patient is aware of it, he or she has Bronchial or Pulmonary Consumption.

Schenck's Pulmonic Syrup cannot act freely thro the blood when the system is in this locked-up condition, without the aid of the Sea Weed Tonic and Mandrake Pills. The Liver has all of the venous blood to drain, and when it gets in a morbid condition, blood and bile run through the system mixed and the whole body becomes so low, and the blood so thick it can hardly run through the veins. In a majority of cases hemorrhages occur from the thick condition of the blood. The Mandrake Pills act on the Liver similar to calomel, or they do what that thirty-one who were present at the first term, twenty-four will take their "degree." The following list of those who received "Orations" will no doubt be of interest. Salutatory, in Latin, S Newman, "Orations," Cutts, Dixon, Hutchinson, Sewall, Webster.

DR. SCHENCK'S
NEW OFFICE.

DR. J. H. SCHENCK, of Philadelphia, has opened an office on second floor of No. 35 HANOVER STREET, Boston, where he will be professionally every WEDNESDAY, from 9 to 3. Every person complaining with Consumption or any disease leading to it, is invited to call on him. He gives advice free, but for a thorough examination with his Respirometer the charge is five dollars.

Dr. Schenck can explain to patients very correctly the stage their disease is in, and how to use his medicines, namely, his Pulmonic Syrup, Seaweed Tonic, and Mandrake Pills, without the use of the Respirometer; but by it he can tell exactly how far the lungs are gone, and what part also; whether it is Tuberculous, Pulmonary, Bronchial or Dyspeptic Consumption, or whether it is merely an ulcerated throat and catarrh, or from Liver Complaint.

His medicines have full directions, so any one can take them without seeing him, but if they live near by and can do so enough, it is best to see him. All three of his medicines are required in nearly every case of lung disease, for it is impossible to cure the lungs unless the stomach and liver are kept in perfect order. To get hands of action the stomach must be cleansed, and an appetite for food created, so as to make good blood, before the lungs will begin to heal; then the chills and night sweats will stop, and the expectoration become free and easy.

He keeps a full supply of medicines at his rooms, which can be had at all times.

Price of the Pulmonic Syrup and Seaweed Tonic, each $1 50 per bottle, or $7.50 the half dozen. Mandrake Pills, 25 cents per box.

GEO. C. GOODWIN & CO., 38 Hanover street, Boston, General Wholesale Agents for the New England States.

CANCERS CAN BE CURED!
DR. ... CHASE,
(LATE OF PORTLAND),
THE CELEBRATED
INDIANOPATHY, CANCER & HUMOR
DOCTOR,

HAVING purchased the residence of H. A. Wood, 54 Hammond Street, Bangor, Maine, would be happy to be consulted by all who are afflicted with

Cancers, Cancer Humors, Tumors, Scrofula, Leprosy Salt Rheum, Fits, Neuralgia, Bronchial Affections, Catarrh, Rheumatism, Sick Headache, Liver Diseases, Female Weaknesses, Piles, Diseases of the Throat and Lungs, Diseases of the Kidneys, Stiff Joints, Gravel, Diabetes, &c., &c.

DR. CHASE has practiced in his profession for sixteen years, and in that time has spent two years in Florida and Cuba, for the purpose of gaining a correct knowledge of the medicaments used by the various tribes of Indians of that country, and by great expense has gained many valuable secrets which have heretofore been unknown to the world.

In Cancer he claims superiority over all other Physicians of the age, for he never fails to perform a cure when taken in a proper stage.

His mode of curing Cancers is by the application of a plaster, which is strictly vegetable and will have no effect upon the healthy flesh, so the case uses a knife, as does Dr. Greene, of Boston.

He also boldly asserts that he can tell every individual their disease and location of their pains, and describe their feelings in almost every case, more minutely than ever can possibly be done.

Dr. Chase is not a "quack," but condemns his ... principle, and will challenge any ... system for a test examination.

Office hours from 9 A. M. to 4 P. M. Office at residence ... Hammond ...

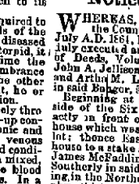
DIRECTIONS
FOR
MAKING YOUR OWN SOAP
With your Waste Grease!
BY USING
Penn'a. Salt Mf'g. Co's.
RENOWNED
Saponifier!



2 Cents only for every pound of Soap.

DIRECTIONS:

Dissolve one box of Lye in 2½ pounds (pints) of hot water in an iron pot. Melt in same the same quantity of clean fat or grease. Take off of the fire and turn into the stiff clear of the dissolved lye, and keep stirring until the whole becomes well mixed and like molasses. Now count up, and set in a warm place over night. Next day cut up into small pieces, add 6 lbs. for piney of water, and let it melt with a gentle heat until the soap is *all dissolved*, then pour into cold tubs, and when cold, cut into bars, which will be fit to use in about 10 days.

BEWARE OF COUNTERFEITS.

Be particular in asking for PENN'A. SALT MFG. CO'S. SAPONIFIER.

For sale by all Druggists.

To the Hon. Justices of the Supreme Judicial Court, to be holden at Dover, in and for the County of Piscataquis, on the second Tuesday of September, A. D. 1867.

ARON BABB, Lysander Strickland, and Philo A. Strickland, of Bangor, in the County of Penobscot, respectfully represent that they are seized in fee simple, and in possession, in common and undivided, of one third part of a certain tract or parcel of land situate in said County of Somerset, being numbered *Four* in Range *Seven*, West from East line of the State, except only the public lot reserved by the State in the original grant of said township, and containing one thousand acres; and that they are also seized of the right to cut and take off the timber and grass from an undivided half of said public lot:

That their co-tenants are Gorham L. Boynton, Levi Bradley, Ebenezer S. Coe, and Samuel Farrow of said Bangor, and Edward D. Kimball of Danforth, Asa Pingree of Topsfield, and Thomas P. Pingree of Salem, in the Commonwealth of Massachusetts, Ebenezer S. Coe and James N. Chandler, of said Bangor, trustees of David Pingree's estate, and other persons to your petitioners unknown.

That they, said petitioners, are desirous of holding their portion in severalty.

Wherefore they pray that upon proper proceedings had before your Honorable Court, a partition of said premises may be made, and your petitioners' portion thereof respectively may be set off together to them, to hold in severalty agreeably to the provisions of the Statute in such case made and provided, and that said partition may be made firm and effect
